

The Federal Communications CommissionRe: NAB's Petition 04-160

Dear Sir or Madam:

I am a Senior Citizen subscriber to the XM Satellite Service. I enjoy it very much because it offers me a much wider selection of music, news and information than any of the local radio outlets. I of course pay for this service and as such have determined that I would much rather pay for radio than to be limited by the selection that I have on radio locally. I do not want the National Association of Broadcasters to determine what I can and can not listen to on a service that I pay for.

I would therefore like to respectfully urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I demand and deserve and am willing to pay for.

Thank You.
